

Eidgenössische Technische Hochschule Zürich
Swiss Federal Institute of Technology Zurich

**Assistant Professor of Evolutionary Biology /
Associate Professor of Evolutionary Biology**

The Department of Environmental Sciences at ETH Zurich (www.env.ethz.ch) invites applications for a professorship in evolutionary biology at the associate (tenure) or assistant (tenure track) level.

Candidates with outstanding scientific track records in any related field will be considered, but preference may be given to applicants working on animal population biology and/or natural host-parasite systems. The candidate is expected to establish a world-class research group and to integrate into research activities in related fields at ETH Zurich.

The successful candidate will contribute to the teaching of undergraduate and graduate level courses for students of the Departments of Environmental Science and Biology. He or she will be expected to teach undergraduate level courses (German or English) and graduate level courses (English). The professorship will be equipped with a generous personnel and operational budget, but the candidate will be expected to obtain further funds for research through competitive grants.

Assistant professorships have been established to promote the careers of younger scientists. The initial appointment is for four years with the possibility of renewal for an additional two-year period and promotion to a permanent position.

Please submit your application together with a curriculum vitae and a list of refereed publications **to the President of the ETH Zurich, Prof Dr. Ralph Eichler, Raemistrasse 101, 8092 Zurich, Switzerland, no later than January 31, 2010**. With a view towards increasing the proportion of female professors, ETH Zurich specifically encourages female candidates to apply.
